BUYER SELLER MEET for Black Pepper in Araku Valley, Andhra Pradesh 29th - 30th November 2022

Andhra Pradesh, the eighth largest state of India, primarily known as “the rice bowl of India” is blessed with diverse agro-climatic zones. The main delta of Krishna and Godavari supports agriculture crops like Paddy, Sugarcane, Cotton, Pulses, Chillies, etc., which contributes mainly to the agrarian economy. The high altitude and tribal belts of the state has untapped potential for promotion of supply chain of spices crop, which needs to be explored for optimum benefit of the local and spice industry stakeholders.

Araku Valley located in the tribal belt of Paderu division, is a hill station in the Eastern ghats which is famous for its coffee plantation and Araku coffee brand. With the interventions by ITDA, Govt of Andhra Pradesh, Coffee Board, Spices Board, and other Central and State agencies, the Paderu division has witnessed an increase in production of cash crops like Black Pepper, Turmeric, Ginger in addition to Coffee. The estimated production of spices for 2022-23 from the Paderu division is; Black Pepper 4682 MT, Turmeric 93276 MT, Ginger 21965 MT, Tamarind 750 MT and Long Pepper 236 MT.

As the production of spices is gradually increasing in the region, Spices Board and other line departments are encouraging and supporting the farmers to take up value addition like; production of white pepper, processing of turmeric etc., for better price realization and livelihood.

Spices Board in collaboration with Standards and Trade Development Facility (STDF)(under World Trade Organization (WTO)) and Food and Agriculture Organization (FAO) is undertaking interventions to enhance the capacity of stakeholders in the spices value chain and empower them to expand exports of safe and high-quality spices from India to overseas markets.

The collaborative project titled “Strengthening of Spice Value Chain in India and improving market access through capacity building and innovative interventions “is being implemented from October 2020 onwards, in the Paderu region. In addition to enhancing food safety

and consumer preferences on health and wellness in domestic and international markets, the project envisages to uplift the socio-economic status of the tribal community. The IndG.A.P certification of the farms for assuring third party authentication for better acceptability of the product is also taken up as an intervention to be completed by the end of 2023, thus opening avenues for niche market interventions for the buyers.

Buyer Seller Meet (BSM) for Spices

BSMs provide a common platform for one-to-one interaction by farmers/FPOs with exporters for better understanding towards aggregation and facilitate direct procurement by exporters from authentic sources.

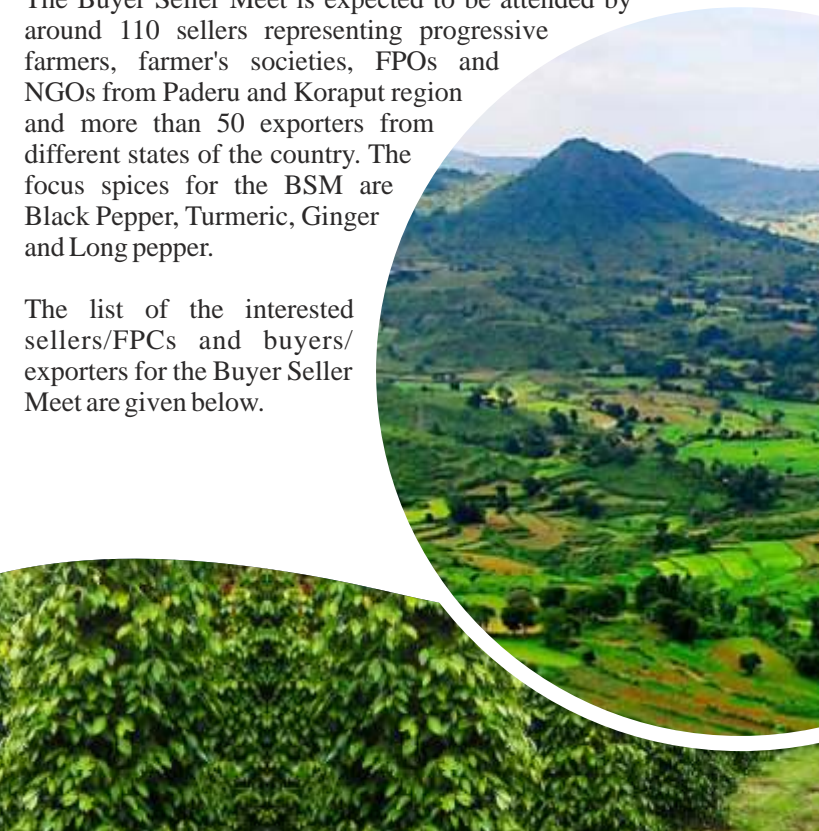

As part of promoting the spices produced in project area, Spices Board proposes to organize a Buyer Seller Meet for Black Pepper, on 29th November 2022 at 10 am in Vaishnaoi Resorts, Araku Valley, Andhra Pradesh followed by a field visit on 30th November 2022.

The Buyer Seller Meet is expected to be attended by around 110 sellers representing progressive farmers, farmer's societies, FPOs and NGOs from Paderu and Koraput region and more than 50 exporters from different states of the country. The focus spices for the BSM are Black Pepper, Turmeric, Ginger and Long pepper.

The list of the interested sellers/FPCs and buyers/exporters for the Buyer Seller Meet are given below.
