

TRIPURA SPICES E-CONCLAVE & BUYER SELLER MEET (BSM)

Agartala, Tripura - 16th October 2020

Spices in the North Eastern Region

The North Eastern region of India, consisting of seven sister states and Sikkim, are home to an assortment of high quality, high value agricultural and horticultural crops varying from highest curcumin bearing "Lakadong Turmeric" of Meghalaya, to the distinctly flavoured kiwis and mandarin oranges, to one of the hottest chillies of the world, the king chilli of Nagaland. Large Cardamom, ginger, turmeric, Chillies, Black Pepper etc are some of the important Spices grown in this part of India. Large Cardamom is mainly grown in Arunachal Pradesh, Nagaland, Sikkim and now in few districts of Manipur. Black pepper is grown mainly in Assam, Meghalaya and Tripura. Ginger, turmeric and chillies are grown in almost all the states of the region. Nadia ginger, having less fibre content, bird eye chilli commercially grown in Mizoram and dalle chilli from Sikkim having high pungency are also well known varieties of spices grown in NE region. Bay leaf, Star Anise, Cassia, long pepper and culinary herbs are some of the other prominent Spices cultivated and found in the wild of the North Eastern

Region. These indigenous agriculture products are of immense commercial potential and are much sought after in the international market. Time tested agriculture practices adopted by the native farming communities of the north eastern states are devoid of application of any chemical agri inputs which in turn makes the region organic by default.

Buyer Seller Meet (Online)

With the aim to promote the indigenous Spices varieties of North East, Spices Board in collaboration with ICC, Agartala is organising E conference and online buyer seller meet on 16th October 2020. More than 300 stakeholders representing the spices farmers, farmer's societies, NGOs, processor, traders and aggregators from eight north eastern states will be making use of the platform to interact and build market linkages with Spices exporters from across the country and Bangladesh during the online BSM. Major Spices which are featured during the BSM are Large cardamom, Turmeric, Ginger, Bird eye chilli, king chilli, bay leaf, Black pepper, long pepper, cassia and dalle chilli etc.

LIST OF PROGRESSIVE FARMERS FROM NORTH EASTERN STATES & DARJEELING DISTRICT OF WEST BENGAL.

ARUNACHAL PRADESH (SIANG AND UPPER SIANG DISTRICT)
