This stands understated to the extent of ₹23.76 crore (short term deposits ₹22.76 crore plus ₹ 1.00 crore interest earned) due to accounting investment made out of earmarked funds under 'Current Assets (Schedule – 11)' instead of accounting the same under Investment from Earmarked fund ' (Schedule 9).

2.3 Current Assets, Loans and Advances (Schedule 11) ₹ 57.88 crore

This stands overstated to the extent of ₹45.45 lakh due to non provision for doubtful receipt of analytical charges. Consequently, the Excess of Expenditure over Income (deficit) stands understated to that extent.

Annexure-1

1) Adequacy of Internal Control System

Internal control system existing in the Board was inadequate as detailed below

- The Fixed Assets Register was not being updated regularly.
- Proper details /registers are not kept in respect of civil construction works.
- The Board is having accounting software for preparation of financial statement. Due to inherent defects the Board is unable to generate financial statements. Also the trial balance created by Financial Accounting System was erroneous resulting in manual preparation of Trial Balance and financial statements.
- Balance Sheet and Receipts and Payment & account has shown the cash balance at the end of the year 2012-13 as 'Nil' which is factually incorrect as the Board has given imprest and permanent advances to regional offices. The closing cash balance as on 31 March 2013 includes only the cash balance at the Head Office and does not include the cash balances of all the offices under the Spices Board. Further, the cash balances in the financial statements do not include the drafts, cheques in hand, stamps, and the balance in franking machine as on 31 March 2013
- As per Para 3.5.5 of the manual of Office Administration of Spices Board, the actual balance of cash should be verified periodically by the Section Officer and on the closing days of the month by the head of office. Further it states that a certificate of verification of the cash balance at the end of the month should be recorded specifying the balances both in words and figures and also in denominations. However verification of cash balances is being done only in Head Office at Kochi and not done at Marketing offices, Regional offices, Zonal and Field offices.

2) System of physical verification of Assets

As per Rule 192 of GFR 2005, fixed assets should be verified at least once in a year and the outcome of the verification recorded in the corresponding register. Discrepancies, if any, shall be promptly investigated and brought to account. Further as per Para 12.5.3 of the Manual of General Procedures of Spices Board, after the close of the financial year, a physical verification of asset should be carried out by each stock holder and necessary certificates of physical verification recorded in the

case of each item in the register. Although as on 31 March 2013 the Board had fixed assets worth ₹ 168.72 crore, it is yet to conduct physical verification of fixed assets, in violation of GFR and manual of General procedures and same was in arrears for more than ten years.

3) System of physical verification of Inventory

- System of physical verification of inventory was inadequate as detailed below

As per Para 12.8 of Manual of general procedures of Spices Board, a physical verification of stock/stores should be conducted by the officer in charge or his nominee at the close of every financial year and the report along with a certificate of verification with its result should be sent to the Internal Audit Officer before the end of April in every year for review. Further, Para 12.10 and 12.11 of the manual states that physical verification of all the consumable goods should be undertaken once in year and a certification of verification along with findings shall be recorded in the stock register. This has not been complied with.
