# Buyer Seller Meet & Seed Spices Conclave

focusing on STDF Project Region in  
**Rajasthan**

10 January 2024

Agriculture University, Jodhpur, Rajasthan

India commands a formidable position in the world spice trade. Out of 109 spices listed by ISO (International Standards Organization), India produces around 75 spices in its various climatic regions. With a footprint in over 180 countries, India exports more than 225 wide ranges of spices and value-added spice products. In the fiscal year 2022-23, India exported 14,04,356.95 metric tons of spices and spice products, valued at ₹31,761.38 crore (3,952.60 million US\$). Among the leading contributors to this vibrant export basket are Chilli, Cumin, Spice oil & Oleoresins, Mint Products, Turmeric, Curry powder, Cardamom (small), and Pepper. Notably, seed spices account for over 25% of the total volume and 18% of the total value of spice exports.

Rajasthan and Gujarat states in India are the major hub for production and collectively form the tagline "Seed Spice Bowl of India". Rajasthan is the major producer of cumin and fennel in the country. During 2022-23, the state produced, 2.75 lakh MT of Cumin from 5.50 lakh ha and 0.34 lakh MT of Fennel from an area of 0.31 lakh Ha.

Spices Board India, Ministry of Commerce & Industry, Govt. of India is the flagship organization for the development and worldwide promotion of Indian spices has been spearheading activities for promotion and facilitation of spice trade by strengthening linkages at various levels of the Spice Industry.

In order to address the sanitary and phytosanitary (SPS) issues in spices trade and to ensure export of safe and high-quality spices from India to overseas markets, Spices Board in collaboration with Food and Agriculture Organization and Standard and Trade Development Facility (STDF) is implementing a prestigious project entitled "Strengthening spice value chain in India and improving market access through capacity building and innovative interventions" in potential spice growing areas. In Rajasthan, the Board is implementing the project in Lototi and Berkallan villages, Beawar District focusing on fennel as well as in Tekara and Jaseri villages in Phalodi District focusing on cumin crop.

Further with view to facilitate better price realization and explore better marketing channels to promote the export of spices from Rajasthan especially from STDF project villages, Spices Board is organising a Buyer Seller Meet and Seed Spices Conclave on 10th January 2024 at the auditorium of Agriculture University, Jodhpur, Rajasthan.

The primary goal of the event is to forge market alliances and direct collaborations, bridging the gap between spices growers in the state and exporters across the country. Around 150 participants including FPOs, progressive farmers, farmer's societies, processors and traders from Rajasthan and exporters from adjacent states will be attending the BSM cum Conclave. The list of participants are as follows.
