

Virtual Buyer Seller Meet (BSM) for Turmeric with focus on Telangana

12th February 2022/ 2 - 5 PM

Being an important spice, turmeric is grown in India since ancient times mainly for its culinary uses and medicinal properties. Various properties of the spice have extended its application as a food additive, natural dye, and as a component in many of the cosmetic and pharmaceutical preparations. The pandemic, COVID-19 added further value to the crop for its health benefits in the form of an immunity booster.

India is the largest producer, consumer and exporter of turmeric in the world with the state of Telangana being the largest producer in the country. Indian turmeric is considered to be the best in the world market because of its high curcumin content. India contributes about 80 per cent of the global turmeric production and more than 60 per cent of exports.

India exported 1.83 lakh tonnes of Turmeric valued Rs. 1676 crores during 2020-21. The major turmeric importing countries include Bangladesh, USA, Iran, Malaysia, Morocco, UAE, UK, Germany, Sri Lanka, Netherlands, Japan, Saudi Arabia. Major turmeric producing states in India are Telangana, Maharashtra, Karnataka, Tamil Nadu, Madhya Pradesh, West Bengal, and Orissa.

India produced 11 lakh tonnes of Turmeric from an area of 2.94 lakh hectares during 2020-21 and Telangana produced 3,13,000 tonnes of Turmeric from an area of 0.49 lakh hectares. In Telangana, the four districts (erstwhile) viz. Nizamabad, Karimnagar, Warangal and Adilabad account for around 90 per cent of the turmeric production besides housing some of the major turmeric markets in the country. There are many varieties of turmeric being cultivated in Telangana with Erraguntur/Duggirala as the major variety.

Spices Board has established three offices in Telangana with Regional Office cum extension centre for Turmeric at Nizamabad, Regional office at Warangal and Divisional Office at Hyderabad for convenience of the spice growers, traders and exporters. Spices Board, being an export promotion organization, is continuously working for the promotion of Turmeric and other spices from the very beginning. The Board's interventions are focused on Post-harvest improvement and creation of an exportable surplus.

Spices Board in liaison with the line departments like Horticulture Department, Agricultural Market Committee (AMC) and Research stations is constantly trying to improve the quality of spices produced in Telangana. The Board's offices in the state are regularly conducting Quality Improvement Training Programmes (QITP), campaigns, exposure visits at village level and disseminates first-hand information on latest technologies and trends in the spice market. Apart from the training programmes, the Board is also implementing schemes for Turmeric Boilers and Polishers every year. As a part of the new initiative, Spices Board in association with the Department of Agriculture Marketing, Government of Telangana has installed a Curcumin Testing Machine at AMC, Nizamabad in order to help the growers to get good price from traders/exporters. Many virtual entrepreneurship development training programmes, Buyer Seller Meets (BSMs), and Linkage programmes are being conducted for exporters, FPOs and entrepreneurs.

Spices Board has been organizing BSMs with a view to further promote the export of spices

List of Buyers

S. No.	Name and Address of the Buyer	Mobile Number	Email ID	Requirement
1	M/S Bdex Private Limited New Delhi Shri Durgesh Kumar Singh Shri Brajesh Kumar	9999536818	durgesh@bdexpl.com	999 MT
2	M/S Leaven Essentials Private Limited Palakkad, Kerala Smt. Ashi Yadav	9711641808	ashi.y@leavenessentials.com	20 MT (Curcumin content >8%)
3	M/S Limpex Global Pvt Ltd Hyderabad, Telangana Shri Ravi	9133057064	limpexglobal@gmail.com	12 MT
4	M/S Kuber Grains and Spices Pvt Ltd. Central Delhi, Delhi Shri Pushpendra Sethi	9718890000	ceo@kubergrains.com	100 MT
